MEMORANDUM FOR GENERAL COUNSEL

The following is an extract from the Official Diary of DD/I for 13 October 1952:

After reading General Counsel's memorandum for the record on the Seattle matter, I phoned Mr. Houston and indicated to him my belief that this case had not been sufficiently coordinated with General Counsel and undertook in the future to insure, so far as it was within my power, that General Counsel would be brought into all discussions and policy determinations on matters of this character.
